

HYDRALAB III CLOSING EVENT 2010

(Stakeholder Dissemination Meeting)
2nd to 4th of February 2010

Maritim Grand Hotel,
Hannover, Germany

2nd February 2010

Joint User Meeting (all day)

Joachim Grüne & Mark Klein Breteler

Presentations about the scientific outputs of Hydralab III Access Projects in 4 parallel sessions:

- 34 presentations from hydraulics and environmental research projects
- 16 presentations from oceanographic research projects
- 19 presentations from ship hydrodynamics and ice engineering research projects

Dinner

A buffet dinner will be held in the evening

3rd February 2010

Feedback session on Transnational Access experiences (9 AM – 10 AM)

Joachim Grüne & Mark Klein Breteler

Stakeholder Dissemination Meeting (10 AM – 5 PM)

Simone van Schijndel

Scientific progress and Highlights resulted from the work in HYDRALAB III:

- about HYDRALAB III
- results on experimental research - SANDS, CoMIBBS and Transnational Access
- tools and methods - guidelines, inventories, data management structure
- taking part in HYDRALAB III - networking events, research workshops, young researchers workshops

4th February 2010

Workshop for Joint Research Activities (9 AM – 12 PM)

Agustín Sánchez Arcilla & James Sutherland

Discussion on the results of SANDS and CoMIBBS and possible cross feeding between the two projects leading to discussion on possible new research topics in the field of experimental hydraulics

Workshop for young researchers (9 AM – 5 PM)

Lynne Frostick & Stuart McLelland

Exchange of experiences by young researchers on their work on experimental hydraulics followed by discussion

Registration

Event Registration

Participation is on invitation by the HYDRALAB network or you can express your interest by sending an e-mail to the coordinator through hydralab@deltares.nl.

Non-invited participants pay a registration fee of EUR 200,- to attend the event.
